

Fall 2023

Application Software on the Network

CIS 155 CCF

Monday and Wednesday 10:10 AM – 12:05 PM

Parkhouse Hall 310

Jeffrey Needleman

jneedleman@mc3.edu (215) 435-0082

Course Information:

Number of Credits:3

Class Hours: 1

Lab Hours: 2

Course Prerequisites and Co-requisites: None

Course Description:

This course will provide an overview of Microsoft Office and several desktop operating systems, which are typically supported on a local area network. Software covered will include command line interfaces, Excel, Word, PowerPoint, Access, and Windows. Additional topics will include the Internet, alternative desktop operating systems, networking basics, software licensing, file management, hardware selection, software integration, and viruses. The impact of running and supporting this software on a network will be emphasized.

Student Learning Outcomes:

Show proficiency in Office 365 by submitting projects in Word, Excel, Access and Power Point.

Required Textbooks Materials:

Theory text – Survey of Operating Systems 7th Edition

Lab –Microsoft Office In Practice 2021 Edition (**MUST BE BROUGHT TO EVERY CLASS**)

Microsoft Office 365 (Available for free on the Student Portal)

SimNet

Computer - Windows 10/11

Sequence of Topics:

Communication and Attendance

MCCC E-mail and Course Communication

In addition to class time, there may be times when you need to reach me. Best way to reach me will be via email. I make it a habit to check my emails multiple times a day. Please be mindful of this when trying to reach me. I will normally respond within 24 hours. If you have not heard back from me within the time frame, please send a follow-up email. Students are responsible for all communications sent via Blackboard and are required to use your MCCC email for all email communications at the College. Please contact your instructor if you have questions regarding ethical electronic communication known as “netiquette.”

Class Attendance

To be eligible for financial aid funds, you must begin attending all of your classes within 1-2 days of the first day of our start date. This entails more than merely showing up for the first session or clicking into the online course on the first day of the semester. If you are not attending, the College is obligated to drop you from the class. If you are attending but doing so irregularly you may be dropped from your class. If you are enrolled in an accelerated online, asynchronous course, attendance equals engagement in course-required activities, not just logging into the course. Please send me an email if you have questions regarding this policy.

Sometimes circumstances change and plans have to change, too. Here are some things to keep in mind if you find yourself in this situation:

Withdrawal from the Course

Students initiate the process of course withdrawal after consultation with the instructor and/or an academic advisor/counselor. After the Add/Drop period ends and prior to completion of 60% of the course time, a student wishing to withdraw must submit an official drop/add/withdrawal form. An official grade of “W” (Withdrawal) is assigned to the course. After completion of 60% of the course time and prior to 75% of the course time the student must request and receive permission from the course instructor to withdraw from the course. The instructor completes an online Withdrawal Permission Form and indicates a final course status grade of “W” (Withdrawal). The College’s Registration Calendar outlines specific dates associated with the withdrawal process that must be followed.

Withdrawal after Deadline

For a withdrawal after the deadline due to medical, catastrophic event or other circumstances beyond the student’s control, students can request a withdrawal with supporting documentation. View the Withdrawal section of the Comprehensive Grading policy on the College website.

Academic Program of Study and/or Course Information

Grading Policy

Projects and exam each have a point value of 100 and carry equal weight in calculating the final grade. Three absences without permission could result in the deduction of a full letter grade. You are responsible to make up all missed work. **Make up exams or late projects will only be accepted with prior arrangement. Late projects lose 10 points per week.**

Grading Procedures

FORMAL EXAM 100 points.

PROJECTS 100 points

ATTENDANCE & PARTICIPATION

Course Specific Policies and Information

All reading or lab assignments are to be done prior to the start of class. Be prepared to participate in class discussions. Cell Phones are not allowed during class.

Statement Regarding Updates to Syllabus

This syllabus is subject to change. Students will be notified of any updates via Blackboard and/or student email).

College Policies and Resources

Student Success Resources

Students are expected to review and understand the resources that are available to you as a MontCo student to support your personal and academic growth and success. Summaries to the current resources are linked to the tab on the top of the student's Blackboard page under [Student Success](#). Additional Student resources can be found on the website under For students (<https://www.mc3.edu/resources-for/students>).

Free Online Physical and Mental Health Resources for Students

The College provides all current students free and unlimited access to telehealth services through our partner, TimelyCare. TimelyCare offers 24/7 virtual care from anywhere at no cost to you! You will have access to counselors, doctors, nurse practitioners, and more to address concerns that can be safely diagnosed and treated remotely. In addition, the MindWise Mental Health Screening confidential online tool and links to other community services are available on the College's Health and Wellness page. The College's Health and Wellness page can be accessed via the link "[Wellness Resources](#)" in Blackboard. Recognizing when you need help and taking the steps to get it is a sign of strength that we support! Signing up for TimelyCare and accessing MindWise is safe, quick, confidential, and totally free (if they are asking for a credit card, you are in the wrong place). If you have questions, please email Wellness@mc3.edu.

College Policies

Students are expected to review, understand, and follow all College Policies. The current academic-related policies are in the [Policies](#) tab on the top of the student's Blackboard page or on the website under all College Policies (<https://www.mc3.edu/about-mccc/policies-and-procedures>).

Comprehensive Grading Policies

GRADED DESIGNATIONS			INSTITUTIONAL GRADING SCALE	
GRADES	QUALITY POINTS	DEFINITION	GRADES	NUMERICAL EQUIVALENCIES
A	4.00	SURPASSES EXPECTATIONS	A	93-100
A-	3.67		A-	90-92
B+	3.33	ABOVE EXPECTATIONS	B+	87-89
B	3.00		B	83-86
B-	2.67		B-	80-82
C+	2.33	MEETS EXPECTATIONS	C+	77-79
C	2.00		C	70-76

D	1.00	BELOW EXPECTATIONS	D	60-69
F	0.00	ACADEMIC FAILURE	F	0-59
XF	0.00	ACADEMIC MISCONDUCT	XF	0.00

Library Services

In addition to books and dvds, the College libraries provide outstanding online offerings, available 24/7 for current students, including: academic research databases, e-books, online journals, and streaming video. Help is available through online chat, in-person appointments, and at our service desks. The libraries also provide a peaceful place to study, use computers, and do research. To access the online library and for contact information, locations, and hours of operation, visit library.mc3.edu.

Emergency Closing Notification

In the event of an emergency or weather-related closing, the College provides electronic notification for all students, employees, vendors and community members. All are encouraged to enroll in this free, up-to-the-minute electronic messaging service. Participants select their choice of delivery — cell phone or email. It is free to sign up but standard text messaging rates may apply from your service provider. To sign-up for electronic messaging or to update your current account, sign up through <https://www.mc3.edu/txt>.

Acceptable Use of Technology

The College views technology and its use in instruction, in service delivery, in advising, in communications as a strategic asset. The College's commitment to academic freedom and appreciation for creating an environment of free inquiry extends to the electronic information environment. Acceptable use policies preserve the stability and security of our information technology resources, protect the College from inappropriate use, and ensure reasonable accessibility to technology resources for our academic community. These policies govern desktop, network, email, telephone, internet, data security, and software uses of College-managed information technology equipment and resources. The full [Acceptable Use of Technology policy](#) is available on the College website

Registration Calendar

The [Registration Calendar](#) is available on the College website.

Academic Integrity and Generative AI options:

Here are six options for additional language that can be appended to the Artificial Intelligence and Academic Integrity clause of the AY2023-24 Syllabus Template. Please feel free to choose the additional language option that best reflects how you will address use of the proliferation of generative artificial intelligence tools that are being developed and used for public and private purposes.

1. Therefore, students must obtain permission from me before using generative AI composition software for any assignments in this course.
2. As most of us have had a chance to explore new AI tools like ChatGPT, they can be an amazing help, much like a calculator is for math classes. The best way to use it for idea generation, sketching, synthesis, rephrasing, conceptualizing, and gathering information about the typical understanding of a topic. However, it should be you that guides, verifies and crafts your ultimate answers, so please don't just cut and paste without understanding. Let's leverage the tools as an extension of ourselves with a base of knowledge to make them powerful.
3. This covers any generative AI tools, such as ChatGtP, DALL-E2, etc. This includes text and artwork/graphics/video and audio. 1. You are discouraged from using AI tools unless under my direct instruction to do so. Please contact me if you are unsure or have questions before using AI for any assignment. 2. If AI is permitted to be used, you must indicate what part of the assignment was crafted by AI and what was your work. No more than 25% of an assignment should be created with AI if you have received permission for its use. 3. You must sign and submit the AI contract that you understand and agree to this policy.
4. You may not submit any work generated by an AI program as your own. If you include material generated by an AI program, it should be cited like any other reference material (with due consideration for the quality of the reference, which may be poor).
5. Since writing, analytical, and critical thinking skills are part of the learning outcomes of this course, all writing assignments should be prepared by the student. Developing strong competencies in this area will prepare you for a competitive workplace. Therefore, AI-generated submissions are not permitted and will be treated as plagiarism. The Code of Ethics is important, and plagiarism is a serious offense at MontCo.
6. To be clear, some student work may be randomly submitted to AI or plagiarism detection tools in order to ensure that it is human created. The submission of AI generated answers constitutes plagiarism and is a violation of MontCo's Student Code of Ethics. Using these tools without my permission puts your academic integrity at risk.

Optional Best Practices clauses (for face-to-face, hybrid and online modalities):

Netiquette

Respecting ourselves as well as others helps to create a safe space and learning environment. The following guidelines will help us preserve open lines of communication and collaboration. If you have any questions regarding these guidelines, do not hesitate to contact me for clarification.

- Be respectful of opinions different than your own and treat your classmates with dignity.
- We will be interacting a lot in the classroom/discussion boards, and I expect you be respectful of others.
- When emailing me and your classmates, emails should always have a subject line, appropriate greeting, and signature.
- Emails should be written in a respectful, professional and courteous manner.
- Adhere to the same standards of behavior online as you follow in real life.
- Respect other people's privacy when deciding what to share about yourself and others.
- Be forgiving of other people's mistakes.

Freedom of Expression

Montgomery County Community College supports and upholds the First Amendment protection of freedom of speech and the principle of academic freedom to foster a learning environment where open inquiry and the vigorous debate of a diversity of ideas are encouraged. Students will not be penalized for the content or viewpoints of their speech so long as student expression in a class context is germane to the subject matter of the class and conveyed in an appropriate and respectful manner.

College Equity Statement for Student Success

The College is committed to ensuring that all students receive what they need to be successful through the intentional design of the college experience. For more information, please see the "Montco For All" [Strategic Plan](#).

Free Online Physical and Mental Health Resources for Students

The College provides all current students free and unlimited access to telehealth services through our partner, TimelyCare. TimelyCare offers 24/7 virtual care from anywhere at no cost! Students have access to counselors, doctors, nurse practitioners, and more to address concerns that can be safely diagnosed and treated remotely. In addition, the MindWise Mental Health Screening confidential online tool and links to other community services are available on the College's Health and Wellness page. The College's Health and Wellness page can be accessed via the [Wellness Resources](#) button on the Canvas Home page. Signing up for TimelyCare and accessing MindWise is safe, quick, confidential, and totally free (if they are asking for a credit card, you are in the wrong place). Students who have questions about these services should email Wellness@mc3.edu.

Basic Needs

Any student who has difficulty accessing resources to meet their basic needs i.e. safety, food and/or stable housing and believes this may affect their performance in the course, is urged to contact Wellness@mc3.edu. The College's Health and Wellness page can be accessed via the [Wellness Resources](#) button on the Canvas Home page.
